## Abzorb

Abzorb is a super wetting agent derived from surfactants with a very low environmental impact. Abzorb assists the rapid penetration of water in dry areas for medium to long term re-wetting. Abzorb contains a blend of soil penetrating surfactants, that help to re-wet dry areas of turf colonised by fairy ring.

Application rates  
10-40L in 600-800L of water treats up to 1 hectare.

May cause skin irritation. Causes serious eye irritation. Wash hands thoroughly after handling. Avoid release to the environment. Wear protective gloves/eye protection. IF IN EYES: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If irritation occurs: get medical attention.
