

ferro-gem[®]

10 LITRES

TURF HARDENER & GREENER

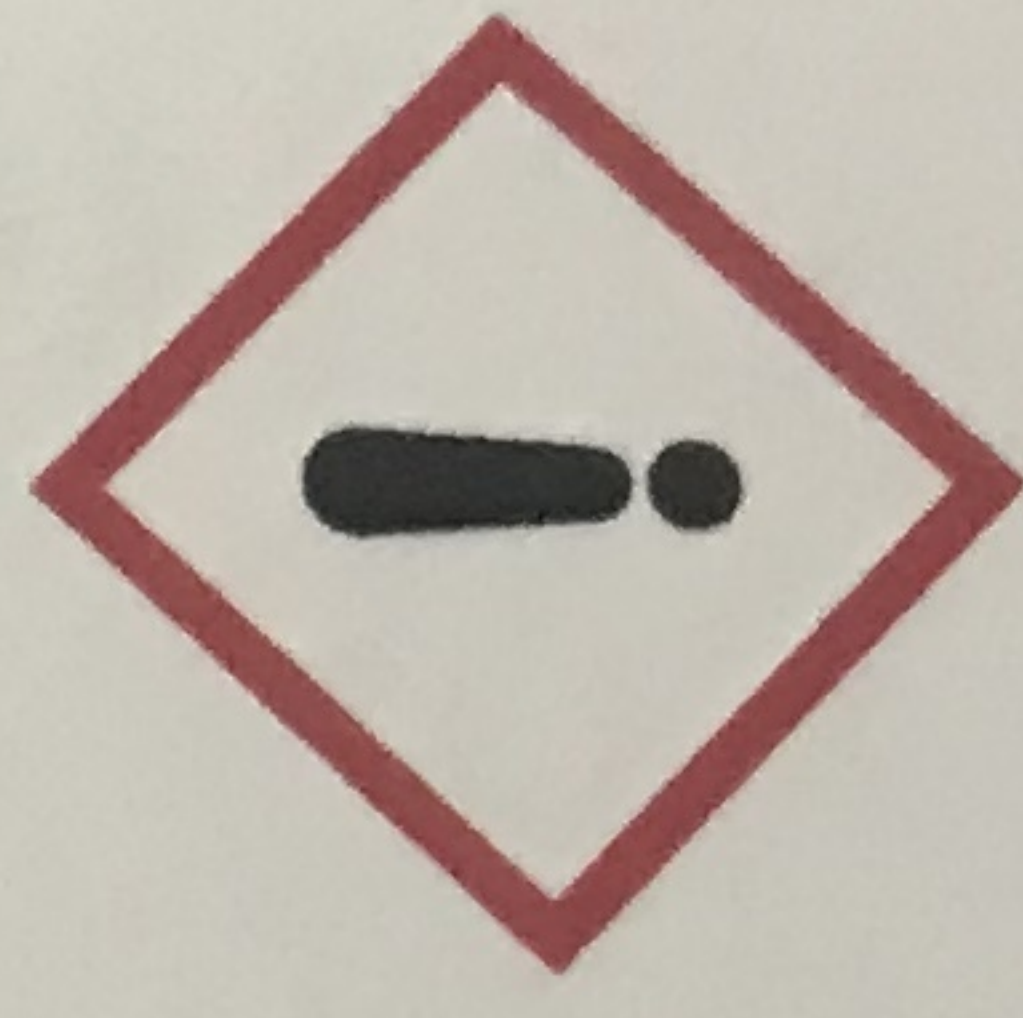

DIRECTIONS FOR USE

Ferro-gem is a soluble concentrate which contains 6% ferrous sulphate. This product should only be used to help strengthen swards and remove moss from grass.

Apply through a boom sprayer at 40-80L per hectare in 600-800 litres of water, or by knapsack sprayer at 400-1,200ml per 10L of water depending on how bad the moss infestation is.

HEALTH & SAFETY INFORMATION

Avoid contact with skin and eyes. Wash hands after handling. Keep out of reach of children. For further information, see the product safety data sheet.
