

Nutri-gem is a fully water soluble foliar fertiliser formulation which can be applied to a range of crops including grass, fruit, vegetables & cereals.

Nutri-gem is formulated to supply seedlings & mature plants with essential nutrients. It also contains organic materials derived from a single seaweed variety which has proven beneficial effects upon plants by stimulating root development.

This product is a high quality formulation containing macro & chelated micro elements.

HEALTH & SAFETY INFORMATION

Avoid contact with skin & eyes. Wash hands after handling. Keep out of reach of children. For further information on this product see the Safety Data Sheet. Keep free from frost. Only apply to the crop when it is actively growing.

Warning

Causes skin irritation. Causes serious eye irritation. Wear protective clothing, gloves and eye protection. If in eye rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so, continue rinsing
